12 TH NATIONAL HORTICULTURE SEMINAR 2077 (2021)	1
Presentations in Seminar	2
THEMATIC PAPERS	3-44
Production and Regulation of planting materials in horticultural crops of Nepal	3
Horticulture resources centers development for sustainable development of horticulture sector	23
Post COVID Horticulture: Challenges and Way Forward for Food and Livelihood Security	34
STRATETIC AND REVIEW PAPERS	45-71
Status of Production and Productivity of Horticultural crops in Nepal	45
Status of Import-Export and Marketing of Horticultural Crops in Nepal	60
TECHNICAL PAPERS	72-186
TECHNICAL PAPERS Prevalence of Virus Diseases of Vegetable Crops in Kathmandu Valley and its Detection Using	72-186
	72-186 72
Prevalence of Virus Diseases of Vegetable Crops in Kathmandu Valley and its Detection Using	
Prevalence of Virus Diseases of Vegetable Crops in Kathmandu Valley and its Detection Using ELISA and Immunostrip Tests	72 84
Prevalence of Virus Diseases of Vegetable Crops in Kathmandu Valley and its Detection Using ELISA and Immunostrip Tests Present status and future potentiality of coffee sector promotion at Coffee Super zone district Inventory of plant species in commercial plant nurseries and home gardens of Ilam and Jhapa districts of Ne Evaluation Of Onion Genotypes For Bulb Yield And Storability At Dailekh, Mid-Western Nepal	72 84
Prevalence of Virus Diseases of Vegetable Crops in Kathmandu Valley and its Detection Using ELISA and Immunostrip Tests Present status and future potentiality of coffee sector promotion at Coffee Super zone district Inventory of plant species in commercial plant nurseries and home gardens of Ilam and Jhapa districts of Ne	72 84 pal 99
Prevalence of Virus Diseases of Vegetable Crops in Kathmandu Valley and its Detection Using ELISA and Immunostrip Tests Present status and future potentiality of coffee sector promotion at Coffee Super zone district Inventory of plant species in commercial plant nurseries and home gardens of Ilam and Jhapa districts of Ne Evaluation Of Onion Genotypes For Bulb Yield And Storability At Dailekh, Mid-Western Nepal	72 84 pal 99 107
Prevalence of Virus Diseases of Vegetable Crops in Kathmandu Valley and its Detection Using ELISA and Immunostrip Tests Present status and future potentiality of coffee sector promotion at Coffee Super zone district Inventory of plant species in commercial plant nurseries and home gardens of Ilam and Jhapa districts of Ne Evaluation Of Onion Genotypes For Bulb Yield And Storability At Dailekh, Mid-Western Nepal A Journey Of Acid Lime From Hills To Terai: The Woe And Gains	72 84 pal 99 107 117
Prevalence of Virus Diseases of Vegetable Crops in Kathmandu Valley and its Detection Using ELISA and Immunostrip Tests Present status and future potentiality of coffee sector promotion at Coffee Super zone district Inventory of plant species in commercial plant nurseries and home gardens of Ilam and Jhapa districts of New Evaluation Of Onion Genotypes For Bulb Yield And Storability At Dailekh, Mid-Western Nepal A Journey Of Acid Lime From Hills To Terai: The Woe And Gains Distribution Of Underutilized Fruit In Nepal: Strategies For Conservation And Utilization An Overview Of Ginger Sector In Nepal Selection Of Elite Vegetable Varieties Through On Station And On Farm Experiments For The Central	72 84 pal 99 107 117 123 136
Prevalence of Virus Diseases of Vegetable Crops in Kathmandu Valley and its Detection Using ELISA and Immunostrip Tests Present status and future potentiality of coffee sector promotion at Coffee Super zone district Inventory of plant species in commercial plant nurseries and home gardens of Ilam and Jhapa districts of Ne Evaluation Of Onion Genotypes For Bulb Yield And Storability At Dailekh, Mid-Western Nepal A Journey Of Acid Lime From Hills To Terai: The Woe And Gains Distribution Of Underutilized Fruit In Nepal: Strategies For Conservation And Utilization An Overview Of Ginger Sector In Nepal Selection Of Elite Vegetable Varieties Through On Station And On Farm Experiments For The Central Terai Condition Of Nepal	72 84 pal 99 107 117
Prevalence of Virus Diseases of Vegetable Crops in Kathmandu Valley and its Detection Using ELISA and Immunostrip Tests Present status and future potentiality of coffee sector promotion at Coffee Super zone district Inventory of plant species in commercial plant nurseries and home gardens of Ilam and Jhapa districts of New Evaluation Of Onion Genotypes For Bulb Yield And Storability At Dailekh, Mid-Western Nepal A Journey Of Acid Lime From Hills To Terai: The Woe And Gains Distribution Of Underutilized Fruit In Nepal: Strategies For Conservation And Utilization An Overview Of Ginger Sector In Nepal Selection Of Elite Vegetable Varieties Through On Station And On Farm Experiments For The Central	72 84 pal 99 107 117 123 136
Prevalence of Virus Diseases of Vegetable Crops in Kathmandu Valley and its Detection Using ELISA and Immunostrip Tests Present status and future potentiality of coffee sector promotion at Coffee Super zone district Inventory of plant species in commercial plant nurseries and home gardens of Ilam and Jhapa districts of Ne Evaluation Of Onion Genotypes For Bulb Yield And Storability At Dailekh, Mid-Western Nepal A Journey Of Acid Lime From Hills To Terai: The Woe And Gains Distribution Of Underutilized Fruit In Nepal: Strategies For Conservation And Utilization An Overview Of Ginger Sector In Nepal Selection Of Elite Vegetable Varieties Through On Station And On Farm Experiments For The Central Terai Condition Of Nepal	72 84 pal 99 107 117 123 136
Prevalence of Virus Diseases of Vegetable Crops in Kathmandu Valley and its Detection Using ELISA and Immunostrip Tests Present status and future potentiality of coffee sector promotion at Coffee Super zone district Inventory of plant species in commercial plant nurseries and home gardens of Ilam and Jhapa districts of Nejevaluation Of Onion Genotypes For Bulb Yield And Storability At Dailekh, Mid-Western Nepal A Journey Of Acid Lime From Hills To Terai: The Woe And Gains Distribution Of Underutilized Fruit In Nepal: Strategies For Conservation And Utilization An Overview Of Ginger Sector In Nepal Selection Of Elite Vegetable Varieties Through On Station And On Farm Experiments For The Central Terai Condition Of Nepal Growth, Yield And Keeping Quality Of Tomato Cultivars At Central Mid-Hills Of Nepal	72 84 pal 99 107 117 123 136

¹³ papers presented in the field of horticulture.
